EXCELLENCE IN MOTION: GECIĆ LAW ELECTS MILOŠ PETAKOVIĆ AS PARTNER

Over the past several years, Miloš Petaković has become a key figure at the firm, particularly in our expanding [Banking & Finance](#) practice. He advises banks, investors, and market participants on complex cross-border financing transactions. He also advises on capital markets, banking regulation, secured portfolios, restructurings, and workouts.

Miloš also plays a significant role in our [Corporate/M&A](#) and [Real Estate](#) practices. His cross-disciplinary approach gives clients integrated support across closely connected business-critical matters. Those matters often unite finance, corporate structuring, investment, development, and asset-backed strategies. Miloš has also built strong regional experience in secured portfolios and distressed scenarios. That experience shaped his understanding of lenders' priorities, risk allocation, and enforcement strategy.

His work combines sharp transactional insight with practical commercial judgment. Clients value that blend in demanding and fast-moving matters. They also regard Miloš as a dedicated professional and excellent communicator.

"I feel honored to take this step with Gecić Law," Miloš said. "This firm has shaped my growth through bold work, exceptional colleagues, and remarkable clients. I look forward to strengthening our platform and supporting our clients' next ambitions in my new role. Our goal remains clear: deliver precise, practical, and courageous advice on matters that define markets."

Momentum Built on Excellence

Miloš's promotion follows a breakthrough period for Gecić Law's team. Chambers recently ranked the firm, among other practices, in [Banking & Finance](#), also ranking Miloš individually in the same practice area. The [Legal 500](#) also ranks the firm in Banking and Finance. Its editorial commentary highlights Miloš as a key lawyer. This momentum reflects the depth of our finance work. It also confirms Miloš's important role in its development.

His recognition extends beyond finance. Lexology Index named Miloš a Global Elite Thought Leader in Real Estate. It also recognized him with [Client Choice in Real Estate for 2025](#). Clients praised his strategic and tactical expertise, trusted-advisor approach, and exceptional drive.

These accolades reflect the same qualities that define his work. Miloš brings discipline, focus, and strategic thinking to every mandate.

Landmark Work Across a Transformative Year

Miloš Petaković has played a leading role in shaping an exceptional period of growth for the firm. He led Gecić Law's team on [Telekom Srbija's inaugural US\\$900 million Eurobond](#). The transaction marked the Western Balkans' first corporate bond issuance in international markets. The deal later won the Europe Telecom Deal of the Year – Financing at the [TMT Finance Awards EMEA](#). He subsequently led our efforts on the client's EUR 1.95 billion international bond issuance - the largest corporate bond from the SEE.

Miloš also contributed to [Telekom Srbija Group's landmark acquisition](#) of strategic assets and rights from United Group. The transaction included NetTV Plus, DTH businesses, and Sport Klub rights licenses. CEE Legal Matters recently named the EUR 1.5 billion transaction [2025 Deal of the Year for Serbia](#).

These matters formed part of a wider story of our firm's excellence. Gecić Law won [Law Firm of the Year: South Eastern Europe](#) at The Lawyer European Awards 2025 for the third time.

Miloš's recent successes also include advising [EBRD and ENEF II](#) on several development finance transactions in Serbia.
