Gecić Law Partners with the Sustainable Development Forum 2026

Gecić Law is proud to announce the continuation of its partnership with the Sustainable Development Forum (SDF) 2026. The Forum takes place on November 26–27, with its main conference on November 27 at Crowne Plaza Belgrade.

The SDF is organized in cooperation with the Serbian Chamber of Commerce and Industry and Cambridge Judge Business School. The event will bring together diplomats, policymakers, business leaders, academics, and innovators. They will explore the forces shaping Europe's economic future and the Western Balkans' role in it.

Europe's Next Chapter: Competitiveness, Cooperation, and Innovation

Under the theme "Europe's Next Chapter," the Forum will examine competitiveness, supply chains, and innovation. Discussions will address industrial transformation, energy security, resource efficiency, and technological progress. Serbia and the Western Balkans will feature prominently amid growing geopolitical fragmentation and economic uncertainty.

As part of this high-level gathering, Bogdan Gecić, Founding Partner at Gecić Law, will moderate the Ambassadors' Dialogue, "Europe in a Fragmented World".

The distinguished panel will bring together:

- H.E. Edward Ferguson, Ambassador of the United Kingdom to Serbia
- H.E. Luca Gori, Ambassador of Italy to Serbia
- H.E. Anke Gisela Holstein, Ambassador of Germany to Serbia
- H.E. Pernille Dahler Kardel, Ambassador of Denmark to Serbia

Navigating Europe's Future in a Fragmented World

The discussion will examine how Europe can strengthen its competitiveness and economic security amid shifting geopolitical realities. The ambassadors will explore the implications of global fragmentation for international trade, economic cooperation, and Europe's strategic position, while considering the opportunities and challenges facing the Western Balkans.

With economic resilience and international partnerships becoming increasingly important, the panel will offer diplomatic perspectives on Europe's evolving role and the need for cooperation to address shared challenges.

Our Commitment to Sustainable Growth

Gecić Law's continued partnership with the Sustainable Development Forum reflects the firm's commitment to fostering meaningful dialogue between the legal, business, and policy communities. We believe that strengthening competitiveness, encouraging innovation, and building resilient economies require cooperation across borders, industries, and institutions.

Through its involvement in the Forum, Gecić Law reaffirms its dedication to supporting discussions that shape sustainable economic development and reinforce the Western Balkans' position in Europe's evolving economic landscape.

We are delighted to contribute once again to this important platform, bringing together international perspectives and regional expertise to help advance a more competitive, innovative, and resilient European future.

We are delighted to contribute once again to this important platform, bringing together international perspectives and regional expertise to help advance a more competitive, innovative, and resilient European future.
